**RENEWED PETITION UNDER 37 CFR 1.137(a)**

Mail Stop Petition  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450  
VIA FAX 571-273-8300

As stated in the decision dated 5/21/2007, the previously filed petition stands dismissed on two counts:

- (1) The issue fee was not paid; and
- (2) Concerns that the delay was not unavoidable.

In response to the unpaid issue fee, a credit card payment for the issue fee accompanies this fax.

The next issue regards the question of the non-receipt of the Notice of Allowance by the Attorney for Applicant. The Patent Office states that the Notice of Allowance was returned to it as non-deliverable, so the issue is whether the Attorney updated his address with the PTO prior to the date of allowance.

It is first noted that the original Utility Patent Application Transmittal sheet, filed 6/24/2003 via US Express Mail Label No. EU187567775US clearly indicated for the application correspondence address to be that associated with Customer Number 30245. The remaining question concerns when the address for that customer number was

properly updated in 2003. Attorney shows by preponderance of the above evidence that the Customer Number address for 30245 was updated prior to the Notice of Allowance for the file at issue was mailed.

Attorney hereby requests that (1) this petition be granted, and (2) given that the Notice of Allowance was not properly addressed, that the petition fee be refunded.

Respectfully submitted,

Anthony Edw. J. Campbell
